The “**INFUZER**” 25:1 Shampoo Applicator is a powerful, easy to use spray system for applying a consistent lather on your animals. The “**INFUZER**” maximizes your shampoo usage and insures the animal will be evenly washed. Simply fill the reservoir with any of KNS, Inc.’s **Protein Infused Shampoos**, rinse or wet your animal with water, then turn the “**INFUZER**” to the on position and apply shampoo. It’s that easy!! Upon completion of washing animal, switch the “**INFUZER**” back to the water setting and rinse animal thoroughly. Heavy soiled animals may require additional washing or light scrubbing.
